"Grandmas against the Far Right", Freiburg im Breisgau

The changed political climate has brought us - Grandmas against the Far Right - together.

GRANDMAS AGAINST THE FAR RIGHT, Freiburg im Breisgau, Germany, is a non-partisan NGO founded at the end of 2018. It was inspired by the Austrian group "OMAS GEGEN RECHTS".

What we stand for:

- Democratic values
- Diversity of all cultures and nationalities
- Tolerance and civility
- Taking responsibility for the environment

What we stand against:

- Right-wing populist movements
- Discrimination of people with a migration background
- Stigmatization of any kind
- All forms of violence

Grandmas have experience and patience, as well as the knowledge that there are no simple solutions to complex problems!
